

SPECTRUM '74

Life

So Is Life

If tomorrows creep with "pretty pace"
That only tells of the speed of the race
And naught of the runner - his strength or strife
The pick-me-up if I fall-me-down
With that living hope for where I'm bound
For - So is life

There's both joy and distress when one is born
For the beauty of the rose comes the pain of the thorn
And birth only leads to the "grim reaper's knife"
But the splendor of all is the time in between,
With its love to be felt and its bliss to be seen
For - So is life

Thus each in his own individual way
Can find what he will with each passing day
And each must march to his own Drum and Fife
And each find his own war or peace
Either soot in the wool or gold in the fleece
For - So is life

Rowan Technical Institute

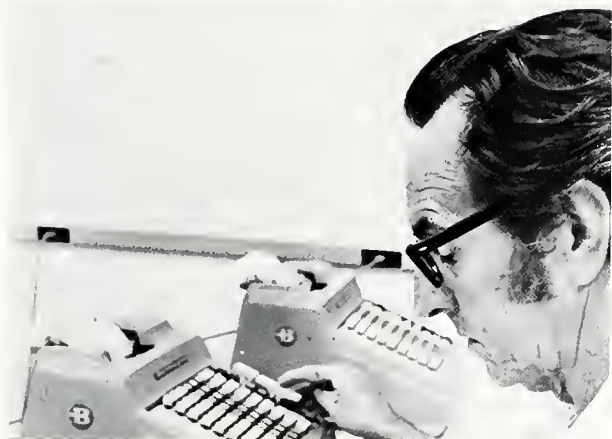

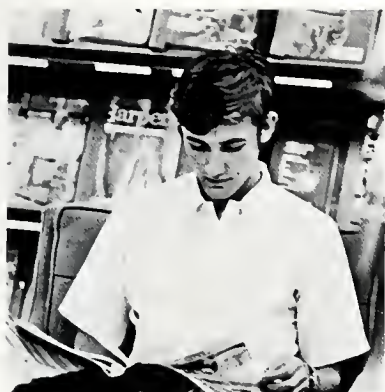

GET INVOLVED

Letter From the President

Visitors to the campus generally remark before they leave, "Rowan Tech is a friendly place." This is as it should be! You, the student body, come as strangers, you leave as friends. The friendships you make may very well be life-long.

By virtue of your having attended Rowan Technical Institute, you have received benefits and at the same time have contributed to the development of institute which has had unparalleled effect on the adult population of this area.

This fine issue of the Spectrum is the expression of a group of dedicated students who have recorded a segment of Rowan Technical Institute's history. The Spectrum staff is to be congratulated on its work. Wherever your paths take you, you are a part of Rowan Technical Institute and shall always be remembered. We wish you well.

Sincerely,

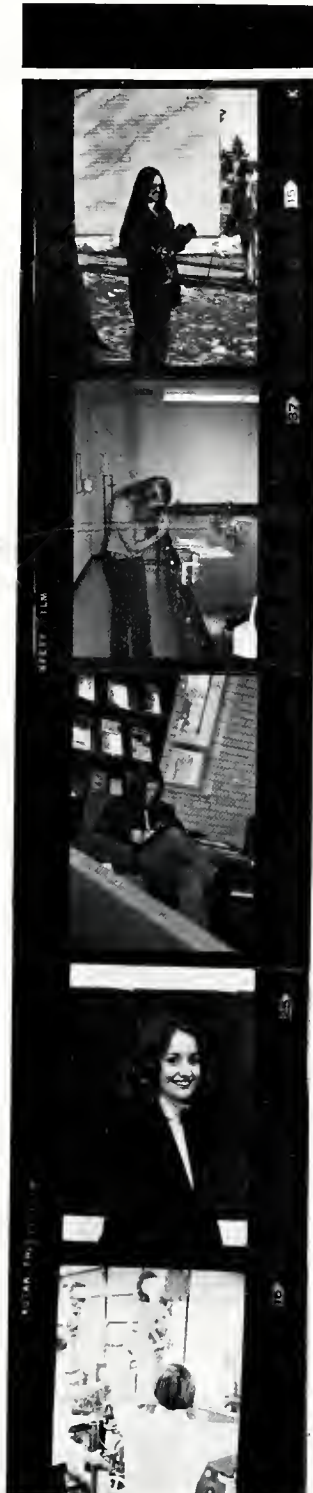

C. Merrill Hamilton
President

Dedication '74

We proudly and fondly dedicate our yearbook to C. Merrill Hamilton. Mr. Hamilton always has the interest of the students at heart, and is willing to help any of us. His cheerful smile and sense of humor endear him to all students. We often forget to thank him, but we all realize how hard he works for our school.

We wish to pay tribute and express appreciation to a devoted friend to all students.

Annual Staff Proudly Dedicates This Annual to C. Merrill Hamilton

Special Dedication

She is always smiling, no matter how she feels inside. If someone comes to her with a problem or just wants to talk, she never turns them away. She has won a place in the heart of each person on the annual staff because of all the hard work she has done for us. The annual staff would like to make this Special Dedication to Mrs. Diana Matney.

A collage of black and white photographs. The central image shows a person in a dark jacket, possibly a uniform, standing in a room. To the left, there's a smaller photo of a person in a light-colored jacket. Below that, another photo shows a person in a dark jacket. The word "SPECIAL" is prominently displayed in large, bold, white capital letters across the top right of the collage. The background of the collage is a dark, textured surface.

ADUATES

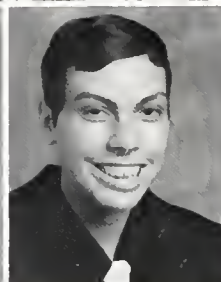

A dense, overlapping collage of black and white portrait photographs of people, likely students, tilted at various angles. The portraits are cut out and layered, creating a textured, busy background.
